

DesignScape™

DECORATIVE PRIVACY COLLECTION

Attractive privacy solutions for existing glass.

DesignScape window films by UltraGard offer a selection of attractive colours, patterns and special effects that can transform existing glass into a decorative privacy screen. Featuring optional levels of see-through privacy from totally obscure vision to partial viewing and all accomplished without sacrificing your natural light levels indoors.

The DesignScape collection provides economical solutions that are stylish, functional and suitable for commercial environments. With a wide choice of attractive options designed to compliment or work in contrast with corporate entrances, glass facades, staircases, office partitions and conference rooms.

Around the home, the increased use of clear glass provides an abundance of natural light but also creates privacy issues. DesignScape window films are a convenient and affordable way to preserve your light while restoring day & night privacy through your windows. Perfect for clear glass front entry doors, sidelights, bathrooms, utility rooms, storage areas and garage windows.

DesignScape is your natural solution for room comfort and privacy.
